LOFT / MID / SMART COLLECTIONS

**Wyjątkowa wygoda, prosta obsługa
i wspaniały efekt dzięki unikalnej
technologii.**

Niepowtarzalne lustro Miior pozwalają na płynną regulację odległości tafli lustrzanej od naszej twarzy. Wystarczy pociągnąć za lustro. A że wraz z lustrem przybliżamy też jego ciepłe oświetlenie LED, wszystko jest pod naszą kontrolą. Wyposażenie lustro w automatyczny, magnetyczny włącznik oświetlenia sprawia, że ich obsługa jest jeszcze bardziej intuicyjna. A wszystko to dzięki unikalnym, opatentowanym systemom wysuwным.

Zastosowanie naszych wynalazków przekłada się na wspaniały efekt Twoich zabiegów kosmetycznych. Krótkowzroczni docenią koniec dylematów jak zrobić makijaż bez okularów. A wszyscy z czasem zorientują się, że uciążliwość, a niekiedy dyskomfort pracy w pochylonej pozycji, odeszły w zapomnienie. Szeroka gama i wielokrotnie nagradzany design naszych lustro pozwalają na ich zastosowanie tak w domowej łazience czy kącie kosmetycznym, jak i w miejscach użyteczności publicznej. Lustro wysuwne Miior podbijają świat. Spróbuj i Ty!

Zapraszamy do świata Miior!
